Spanish Fork, Utah

Subject: Incomplete Amendment, Sunroc Corporation, Levan Chicken Creek Mine,  
Task #1473, M023016, Juab County, Utah

Dear Mr. Christofferson:

The Division inspected Chicken Creek East on May 16, 2006 and June 30, 2006. During these inspections we observed additional disturbance and a new access road not currently permitted. The Division suggested you submit an amendment that dealt only with the private lands in your current permit, therefore, all the baseline information would be in the existing permit and the review could be expedited.

The Division received an amendment to the Chicken Creek East Mine Plan on July 19, 2006. This amendment expanded the area in your current Large Mine permit requiring additional baseline information to complete the permitting process. Therefore the division cannot consider it complete. Baseline information for these new areas must include soils data, vegetation data, hydrology data and mining and reclamation maps and plans.

Please resubmit the amendment, along with Form MR-REV when these items are incorporated. If you have any questions call Tom at 801-538-5321 or me at 801-538-5258.

Sincerely,

Susan M. White  
Mining Program Coordinator  
Minerals Regulatory Program
